Drench Hose

Drench Hose can easily installed on the table or the wall. It connected to the water pipe with hoses, and is the best choice to save space. Equipped with 1.5m hose, it can be moved and used within 1.5m. Press the handle to activate the drench hose, and the cleaning water will spray out automatically from the nozzles, aiming at the injured part for cleaning. The nozzles are equipped with a dust cover, which can be opened automatically with the water flow. It reduces the high-water pressure when suddenly opened to avoid secondary damage to the injured part.

SPECIFICATION

Product	Drench Hose
Type	Double Head
Working Temp.	5°C-35°C
Eyewash Flow Rate	≥11.4L/min
Flushing Time	≥15min
Inlet Size	1/2"
Packing Size(H×W×D/mm)	80x350x175
N.W.(Kgs.)	0.7
G.W.(Kgs.)	0.9
